Rules & Expectations

Gardening requires a time commitment and hard work for about 3-6 hours per week over the course of 6-7 months.

Plot maintenance included planting, harvesting cleaning, and weeding.

If you must abandon your plot or are too busy to fully take care of it, please let me know.

Rules & Expectations

Clean up after yourself, particularly after using tools.

Organic methods are preferred. Use organic chemical controls only when absolutely necessary.

Don't pick food from other plots without permission.

Winterize your plot and help with fall cleanup.

Liability

Be careful, think about what you're doing

Dangerous tools/equipment

Bugs, bees, pests, allergens

Physical and mental abilities

Clothing, gloves, sunscreen, first aid kit

Communicate, report injuries

Also damage to the garden

Now let's go outside!
